New Steam Trap (Kit No. 002-0654-00)

Usage
This steam trap is a replacement for the bellows style valve. It is designed for the M9 and M11 only. The M7 will continue to use the 002-0375-00 kit.

Installation
When installing the new steam trap, always make sure the flow direction corresponds to the arrows indicated on the steam trap.

Operation
This valve will consistently seal off at the boiling point and normally reopen for a short period of time (~ 5 sec) intermittently.
